

Sample Transfer & Manipulation - Sample Transfer System

Features

- Fast thermal response and greater extremes
- Larger samples may be introduced through smaller ID plumbing
- Excellent sample plane repeatability
- Adapts to most goniometers and precision gearboxes
- Excellent performance for direct and indirect cooling
- Transferable thermocouple, optional
- Transferable intrinsic direct heating
- Five-year guarantee

Sample Transfer System

MODEL NUMBER	SAMPLE OD	MINIMUM PORT OD
STS-050	1/2	1 1/2
STS-100	1	1 1/2
STS-200	2	2 1/2
STS-300	3	4
