

WDGDH10000

Linear equilization shaft encoder holder
for encoder WDGI 58B, 58D, 58K, WDG 58T

for lenght determination

Product data

Highlights

- Installation from above
- Adjustable prestressing force 25 N
- Can be combined with the measuring wheels (MRA200KH, MRA200KG, MRA200NG) of 200 mm circumference

Spring travel

Spring travel:
25 N = 8.4 mm

Gewicht

approx. 300 g

Order number(s)

WDGDH10000

Linear equalization shaft encoder holder
